Subject: PRESS RELEASE 6/11/15 - Road Closure - McGee Ave South of Lindsey St Intersection

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: June 11, 2015

Contact: Mark Daniels, City Utilities Engineer, 366-5443, mark.daniels@normanok.gov

Road Closure – McGee Avenue south of Lindsey Street Intersection

Weather permitting, McGee Avenue south of Lindsey Street will be closed to perform sewer rehabilitation work at noon, Friday, June 12 and re-open by 5 p.m. Sunday, June 14. Additionally, the southernmost east bound lane of Lindsey Street from McGee Avenue to Berry Road will be closed at the same time and remain closed until completion of the work in July 2015. East bound traffic will be shifted to the middle lane on Lindsey.

Warning and detour signs will be placed to assist the motoring public. Southbound traffic is urged to use alternate routes such as Crown Point Avenue to Cherry Stone Street to McGee Avenue. Northbound traffic headed toward the OU campus is urged to use alternate routes such as Vine Street to Berry Road to Lindsey Street.

Insituform Technologies, under contract with the Norman Utilities Authority, is currently rehabilitating the 21-inch sewer interceptor along Lindsey Street from McGee Avenue to Berry Road. This work will require temporarily closing McGee Avenue and Berry Road south of the intersection of Lindsey Street and the eastbound lane on Lindsey Street. Weather permitting, the Lindsey Street Sanitary Sewer Rehabilitation project should be complete by July 2015.

Contact Mark Daniels, City of Norman Utilities Engineer, at mark.daniels@normanok.gov or 366-5443 or with questions.
